“WE HAVE BEEN DELIGHTED WITH OUR CLEANER”

We first met aZtec when looking to change cleaning companies and have found their office cleaning service to be very good. We had been with our previous company for a few years, but over time the service had declined and we were eventually left without a cleaner. With aZtec we had the same cleaner, Victoria, throughout the contract and we have been delighted with her. She really cared and she'd ring up if she was worried about anything.

“AZTEC LOOKED AT THE SITUATION WITH A FRESH APPROACH”

After our previous company had said they couldn't hire for our site, we were pleasantly surprised to find that aZtec looked at the situation with a fresh approach. They suggested ways to attract a cleaner and found someone quickly. We increased what we paid when changing companies, but the service was reliable, consistent and good value.

“FLEXIBLE TO OUR NEEDS”

Our Regional Manager, Georgina, would stay in touch on a regular basis and would come in to meet us when we felt it was appropriate or convenient. She was flexible to our needs.

Having needed to move premises, it was a benefit choosing aZtec who didn't tie us into a long fixed term contract. We hoped to use their services again in our new location, however our cleaning needs have been reduced. I'd be happy to recommend aZtec's office cleaning service.
