“USING AZTEC ALLOWS US TO CONCENTRATE ON OTHER BUSINESS”

Employing aZtec a year ago has removed what was becoming a big worry, that we would not be able to provide a clean environment for our students to learn in, and allows us to concentrate on other business.

“AZTEC HAS EXCEEDED ALL OUR EXPECTATIONS”

We first investigated using a cleaning company vs our own inhouse cleaning staff due to having problems trying to hire staff. We of course approached several companies for advice and a quotation, and prices were comparative across the submissions received, but aZtec stood out. We valued the fact that aZtec don't tie us into a year's contract, as we had no idea if it would work. It has not only worked very well with aZtec but has exceeded all our expectations.

“AFTERCARE HAS BEEN GREAT”

The Regional Sales Manager, Sonya, was knowledgeable and straightforward at our first meeting.

That air of confidence has been carried through all my interactions with aZtec staff.

After care has been great with both Amanda, Regional Manager, and Russell, Area Supervisor, taking real care and pride in the work of aZtec at our school. Never have we been left without a cleaner and they also conduct regular checks on how we feel the service is going and listen to any queries we have and action them straight away. Their management of the cleaning staff has been first class.

We are lucky that the cleaners employed have settled in very well; Although not directly employed by us, they are part of our team and have integrated well. All in all, aZtec are an efficient company with a passion for the work. They have been a positive addition to Wilstead Primary School.
